

Action - I'm gonna walk & do 10 pushups
as a result I'll be more active and
I wanna be stronger both in mind
& Body. I already went for a walk.
I just wanna slow down a bit.

→ letter - 16 → 15. Aug. 2026.

• Hi madam,

I don't wanna disturb you by calling
you directly so give me a call whenever
you are free and if you are not
calling, I'll assume that you are
busy and I'll express my thoughts
through these letters. I'm not
gonna call you so that you take
your time and be more relaxed
until we talk next time.

* I doubted you only once in my life
and I made that ~~by mistake~~ ^{mistake} by saying
wrong things which exactly you tried
to avoid and were fighting not to
do and I'm sorry and I really
mean it and I'll never do it again

* While looking at your phone I was
not checking you but just wanted
understand what you were feeling
& by looking at your Instagram

Saved ~~my~~ reels. but
still that was

still a mistake and I'm ~~so~~ ashamed
of it and I'm sorry & I'll never
unlock your phone again.

You told me that I'm suppose
to have you for where you just told
but that day but I can never
hate you & I only love you
10 times more but I do not
expect anything back but to
read this letter that's all.

• I'm sorry that I ~~called you~~
but now I feel really
guilty, I don't know what to do.

• I can not love you enough and how
can I ever hate you but still
I do not expect anything back from
you. It's your life and your choice
but I don't know what to do.

• I'm learning to be better at emotions
and civilian skills, I'm learning
them and adapting them, I request
you

• I humbly request you to wait
and give me some time then I
will work on myself
& be better so that
I'll be every thing
that I am today but with also
some Civic sense & emotional Intelligence

* I love you and I will be myself with you and only when I'm alone

Beyond Possible

with you, I genuinely want to be one with you but also I genuinely wanna improve my ~~human skill~~ personal skills and I wish

• I don't want it to be your job to correct ~~me~~ me but by the time I'm done with this phase I'll be able grasp whatever I'm doing wrong & correct myself and also I won't make rash decisions purely based on emotion.

• I believe in people can change if they try it internally, ~~and~~ I hope you

• Can you give me one chance to change and be with you and heal the wounds that I created and may be make you smile atleast one more time with one of my jokes?

• I don't think this is an easy task & I know it takes everything that I got to complete this but still it is a small chore of my life. I forgot to do & it is really a small correction in life for love.
