→ Till this day I was convinced that
I never doubted you but today
when I look within myself while being
honest I have to admit. I did doubt
you. ~~I know I was wrong~~
~~now..~~ now I am clear about my feelings.
~~I blocked you~~ I blocked your entry
into my heart. Now clarity has come.
I think it's a good thing you've
blocked me it helped me work within
myself. even when you are not with
me you are helping me. I genuinely
love you & there is no doubt in
that. 100% sure. Since I am not
eligible to ask your forgiveness or
trust towards me ~~but~~ maybe if
you ever think of forgiving me and
would be able to trust me. Then
~~if~~ I'll be with you until then
for your own good we stay
at distance.

Beyond Possible

TREDDENCE

that is the step I should take towards
forgiving myself.
